

English language requirements for admission to the master's course of study Physics at the Karlsruhe Institute of Technology

Requirement for admission to the course is proof of very good knowledge of the English language at least at level B2 of the [Common European Framework of Reference for Languages \(CEFR\)](#) proven by one of the following tests:

- Cambridge Certificate [CAE](#) oder [CPE](#),
- International English Language Testing Service ([IELTS](#)) with an overall result of at least 6.5 points and no sub-examination worse than 5.5 points,
- Test of English as a Foreign Language ([TOEFL](#)) with a score of at least 90 points,
- UNIcert at least level II (for more information at KIT see [here](#))

Proof of one of the above tests is not required for applicants with:

- an Abitur certificate, whereby the foreign language English must have been studied for at least 5 years up to the degree that entitles you to university entrance and the final or average grade of the last two years of learning the language course must be at least German grade 4 (sufficient) or at least must correspond to 5 points; or
- a university degree from a university with English as the only language of instruction and examinations in the degree program completed; English as the sole and official language of the completed course must be indicated in the diploma supplement, in the transcript of records or in the degree certificate; other confirmations of the language of instruction and examination will not be accepted as proof of language proficiency; or
- a higher education entrance qualification from a school that teaches exclusively in English; English as the sole and official language must be confirmed by the school administration.
- a bachelor's thesis written in English.
